

Craft Invites Life

Beyond materials and process, craft is creativity, dedicated skill, and applied innovation. Craft is an intentional, personal expression designed with special detail, welcoming all there is to enjoy in its existence.

In the orchestrated world of arts and crafts, Lumina[®] features heat transfer and sign vinyl product solutions to inspire and provide individuals with the ability to create unique projects with quality adhesive graphics.

Lumina[®] acknowledges the need for a variety of products, colors, sizes in sheets and small rolls, shrink-wrapped packaging, and customization.

We provide an extensive amount of choices and commit to expanding a portfolio of unique products and solutions while challenging users to achieve their highest potential, to become increasingly innovative and creative, and to make a difference in their world with our products.

Lumina[®] by FDC:
Choices at a great value.

Series	Product Name	Features
9000	Opaque	Excellent weeding capability for detailed designs, hot or cold peel for fast applications, and opacity for multi-layer jobs. For use on 100% polyester, 100% cotton, and poly/cotton blends.
9001	Fluorescent Opaque	Excellent weeding capability for detailed designs, hot or cold peel for fast applications, and opacity for multi-layer jobs. For use on 100% polyester, 100% cotton, poly/cotton blends, plus uncoated nylon.
9002	Jersey Opaque	Economy-grade with non-sticky carrier, which provides a cost-effective way to easily produce large graphics, letters, and numbers.
9003	Premium Opaque	Excellent weeding capability for detailed designs, hot or cold peel for fast applications, and opacity for multi-layer jobs. For use on 100% polyester, 100% cotton, poly/cotton blends, plus nylon and leather.
9004	Stretch Opaque	Excellent weeding capability for detailed designs, hot or cold peel for fast applications, and opacity for multi-layer jobs. For use on 100% polyester, 100% cotton, poly/cotton blends, plus nylon and leather.

9010 QuickPress

Designed to be applied at low temperatures for a short amount of time. Ideal for fibers that have low melting points or scorch easily in addition to traditional cotton, polyester, and cotton-poly blends. Features excellent weeding capability for detailed designs, hot peel for fast applications, and opacity for multi-layer jobs.

9105	Glitter	Attention-grabbing glitter appearance that adds sparkle.
9106	Metal Flake	Special effect pattern that adds dimension.
9107	Hot Metallic	Pearlescent finish for vibrant designs.
9200	Flock	Suede-like surface with a raised appearance giving the impression of an embroidered design.
9201	Animal Print	Matte finish with unique animal print patterns.

9203 Patterened

Matte finish with unique printed patterns. For use on 100% cotton, 100% polyester, and poly/cotton blends.

9204	Textured	Matte finish with unique printed patterns. For use on 100% cotton, 100% polyester, and poly/cotton blends.
------	-----------------	--

**All HTV products are designed for decorative graphics on textiles.*

Series	Product Name	Features
		<h2>2100 Premium High-Performance</h2> <p>Quality, flexible, solid, and metallic opaque gloss vinyl designed for use in architectural signage, striping, vehicle/transportation graphics, and general sign markings. Offers exceptional value for applications requiring extended durability.</p>
2407	Premium Flexible Engineering-Grade Reflective	Glass-beaded vinyl that renders excellent reflectivity at night. For fleet and vehicle markings where riveted and corrugated surfaces may be required. Highly resistant to hot, cold, dry, and humid weather conditions.
2409	Intermediate Utility-Grade Reflective	For use in non-engineering grade applications, intended for flat surfaces, vehicle markings, and striping.
2520	Premium Cast Translucent with Synthetic Liner	High-performance film with excellent weathering and aging characteristics. Best used in backlit applications that require even color illumination. Can also be used on glass, acrylic, polycarbonate signs, and windows.
2800	Promotional Metallized Mirror Finish Polyester	Top-coated with a mirror finish. Has both the brilliance and luster of a bright metal finish and is ideal for window and automotive graphics as well as POP, short-term signage, and displays.
2801	Metallized Brushed Finish Polyester	Ideal for decorative trim, nameplates, POP, short-term signage, and a variety of other applications.
2901	Promotional Paint Mask, Low-Tack Removable Adhesive	Calendered vinyl that features a low-tack removable adhesive, which provides a light bond with clean removal from most OEM painted surfaces.
3300	Imitation Leaf	Polymeric cast film with a three-dimensional illusionary pattern. Durable, dimensionally stable, and is ideal for pinstriping, lettering, advertising, and vehicle graphics.
3700	Premium Ultra-Metallic	Excellent surface gloss and color depth. Provides dynamic graphic accents and can be used for RV and marine applications, automotive aftermarket graphics, and striping.
		<h2>3710 Premium Ultra-Metallic Cast</h2> <p>Intended for use in general signage, RV and marine applications, automotive aftermarket graphics, and striping.</p>
		<h2>4200 Intermediate Ultra-High Gloss</h2> <p>Calendered film recommended for outdoor and indoor uses where a high-quality marking film is needed for flexibility, durability, and resistance to sunlight. Can be used for architectural signage, POP graphics and decals, banners, striping, window graphics, and lettering. When used for floor graphics, it pairs well with Lumina[®] 7051 anti-skid laminate.</p>
4301	Satin Self-Adhesive Removable	Calendered vinyl for specialty graphics, wall words, signage, and decals requiring medium-term durability with clean removal. Features a matte finish to eliminate unwanted glare.
4305	Promotional Dry Erase	Calendered vinyl specially formulated for interior use with dry erase materials.
4725	Intermediate	Premium six-year calendered vinyl that's ideal for general purpose signage. Can also be used for banners, window lettering, show cards, and exhibit displays.

Lumina® Application Tapes

Series	Product Name	Features
2668	Craft & Hobby Application Tape	One-inch red grid on white tape marked for quick alignment, an unprinted white liner for easy application, and a high tack adhesive.
